DESIGN DANIEL LIBESKIND, 2018

IT Si avvicina all'idea di scultura la collezione che rappresenta la personale interpretazione di Daniel Libeskind dell'ambiente bagno, espressa attraverso la rivisitazione dei principi dell'estetica neoclassica. La serie si distingue per il dinamismo delle forme, realizzato mediante un atto di torsione che rende protagonista la plasticità della ceramica bianca. Trattata espressivamente al pari di un blocco di marmo di Carrara e caratterizzata da vibranti effetti chiaroscurali.

EN Advancing towards the concept of sculpture, this collection represents Daniel Libeskind's personal interpretation of the bathroom environment, expressed through a return to neoclassical aesthetic principles. The series is distinguished by the dynamism of its forms, created by means of an act of torsion that places the plasticity of white ceramic in the leading role. Treated precisely like a block of Carrara marble and characterised by vibrant *chiaroscuro* effects.

DESIGN OFFICINA AZZURRA, 2018

IT La collezione già dal nome rivela una ben definita matrice estetica, basata nel caso particolare sulla rielaborazione geometrica del cono. Sia i lavabi da appoggio che i sanitari, da terra e sospesi, presentano un carattere scultoreo di immediato *appeal*.

EN The name of the collection already reveals a well-defined aesthetic cast, based in this particular case on the geometric reinterpretation of a cone. Both the over counter washbasins and sanitarywares, floor-mounted or wall-hung, have a sculptural character with immediate appeal.

Charme

DESIGN LAUDANI & ROMANELLI, 2013

IT Citazioni classiche e linee senza tempo per la serie Charme firmata Laudani & Romanelli. Decisamente lontana dal rigore geometrico dei sanitari contemporanei, è impreziosita da raccordi sinuosi, dolci rastremature e dal raffinato dettaglio del profilo a “toro”, rilettura contemporanea del capitello ionico.

EN Classic workmanship and timeless lines for the Charme series designed by Laudani & Romanelli. Far removed from the geometrical rigour of contemporary sanitaryware, Charme is embellished with sinuous fittings, gentle tapering and refined details of a ‘bull-like' profile, a contemporary reinterpretation of the Ionic capital.

DESIGN ANGELETTIRUZZA, 2010

IT Il tema della sottigliezza incontra con successo il mondo dei sanitari in ceramica. È la sfida raccolta da Silvana Angeletti e Daniele Ruzza che avvicina i pezzi in collezione alla tattilità espressiva di materiali. Un lavoro progettuale operato per sottrazione per dare vita a una serie di lavabi e sanitari definita da proporzioni sempre più alleggerite.

EN The theme of subtlety successfully meets the world of sanitarywares in ceramic. This is the challenge taken up by Silvana Angeletti and Daniele Ruzza, which brings together the pieces in the collection to the expressive tactility of materials. A project carried out by subtraction to create a set of washbasins and sanitarywares characterized by increasingly lighter proportions.

DESIGN ANGELETTIRUZZA, 2009

IT Non nasconde la sua natura evocativa il lavabo *freestanding* firmato da Silvana Angeletti e Daniele Ruzza e realizzato in terracotta. È un tributo a un materiale antico che evoca ritualità legate al tema della coppa o dell'anfora, riattualizzate attraverso un gioco di fuori scala e linee rivisitate.

EN It does not hide the evocative nature of the freestanding washbasin expressed by Silvana Angeletti and Daniele Ruzza and created in terracotta. It is a tribute to an old-age material that evokes a ritualism related to the theme of the goblet or amphora, re-elaborated via an interplay of larger-than-life and re-examined lines.

DESIGN PAOLO ULIAN, 2008

IT In bilico tra lavabo sospeso e lavabo a colonna, il progetto di Paolo Ulian introduce nell'ambiente bagno una inedita tipologia di prodotto che trasforma il volume sotto vasca in un versatile cesto contenitore in poliuretano laccato. Abbinato al bacino in ceramica, lascia spazio a molteplici interpretazioni d'uso.

EN In the precarious balance between wall-hung washbasin and washstand, Paolo Ulian introduces a novel product that transforms the space under the bowl into a versatile lacquered, polyurethane container basket. Combined with ceramic basin, it allows multiple interpretations in terms of use.

DESIGN OFFICINA AZZURRA, 2018

IT È un lavabo che interpreta a pieno la filosofia Azzurra *Bespoke Bathrooms*. L'idea è quella di un piano ceramico unico e monomaterico con bacino integrato che, oltre ai cinque formati in catalogo, prevede la versione personalizzabile attraverso tagli ortogonali o diagonali. Il carattere grafico e squadrato delle linee è completato dalla struttura sottolavabo in metallo versione antracite o bianco.

EN A washbasin that fully interprets the philosophy of Azzurra Bespoke Bathrooms. The idea is about a single, mono-materic ceramic top surface with integrated basin which, in addition to the five sizes available in the catalogue, includes customizable versions using orthogonal or diagonal cuts. The graphical and angular character of the lines is complemented by an anthracite or white metal vanity unit.

Uniko H3

DESIGN OFFICINA AZZURRA, 2012

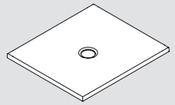

IT È un piatto doccia rivoluzionario sotto molti aspetti. Frutto di brevetti esclusivi Azzurra, è uno dei prodotti di punta della filosofia *Bespoke* dell'azienda, basata sulla personalizzazione dimensionale attraverso taglio su misura e sulla dotazione di una palette di colori dai toni caldi e eleganti. Uniko, interamente realizzato in ceramica, è connotato da un piano uniforme dall'estetica lineare, privo di bordi e molto sottile. Caratteristiche inedite per la materia ceramica, che grazie al *know-how* dell'azienda ha raggiunto traguardi tecnologici tali da permettere spessori ridotti di 3 cm su lunghezze fino a 2 metri.

EN A revolutionary shower tray, in many aspects. The result of exclusive Azzurra patents, this is a keystone product in the Bespoke company philosophy. It is based on dimension customization with a tailor-made cut, and a colour palette of warm and elegant tones. Uniko is made entirely in ceramic, features a uniform tray with a linear aesthetic, it is devoid of edging and very thin. These are new characteristics for the ceramic material, which the company know-how has used to reach technological goals such as reducing thicknesses to 3 cm for lengths up to 2 metres.

DESIGN OFFICINA AZZURRA, 2018

IT È un piatto doccia in ceramica con bordo a rilievo che risolve attraverso un pattern grafico tridimensionale la funzione antiscivolo, convertendola in estetica grazie a una maglia geometrica a griglia ortogonale. Oltre che decorativo, il motivo favorisce al meglio il deflusso dell'acqua verso la piletta di scarico. Nove le varianti dimensionali per un'altezza di 4 cm.

EN A ceramic shower tray with contrast edging that serves as an anti-slip device using a three-dimensional graphical pattern, in aesthetic thanks to a geometrical, orthogonal grid aesthetic. In addition to being decorative, the pattern directs the flow of water towards the drain. There are nine different sizes with a height of 4 cm.

IT È una collezione di rubinetterie dal design essenziale progettata da Silvana Angeletti e Daniele Ruzza come complemento alla produzione ceramica del brand. La serie si integra con tutti i sanitari in catalogo, anche se molto diversi tra di loro per forma e ispirazione. Rappresenta il contributo di Azzurra alla definizione di un ambiente bagno sempre più integrato e progettato fino al dettaglio.
